

GINCOR TRUCK & TRAILER WERX Tag-Along trailers are the result of 30 years experience in the manufactured trailer business. No other manufacturer makes a tag as tough, sturdy, or reliable as ours.

Our heavy duty main beams and crossmember design is just one of the many features that sets this trailer above all others. From our hand selection of top quality Apitong or Fir decking, to the automotive standard paint and primer we use, every

component and design element was specifically chosen with longevity and ease-of-use in mind.

At GINCOR TRUCK & TRAILER WERX we strive to provide our customers the best quality, most ergonomic and longest lasting trailer on the market. A trailer we and our customers can be proud of.
